Ministry Discount	TBD

WOGA will ask for verification of active WOGM church membership, military, first responders, or ministry credentials to receive discount.

Financial Assistance Program

The financial assistance program is managed through a third party, FACTS Tuition. All applications for financial assistance must be processed through this third party. Financial assistance is a need based system that requires documentation of past tax records and current employment status. Information to apply for financial assistance can only be obtained through the Admissions or Business Office of the Academy. Financial assistance is available to students in Kindergarten through twelfth grade only. To qualify for financial assistance, the online financial assistance application must be submitted within (7) seven days of a signed agreement. This is a separate application from enrollment. Families that do not complete this financial assistance application within (7) seven days of an assigned agreement will be held to the entire amount of tuition due and fall subject to the withdrawal policy. If the Academy offers financial assistance and the amount offered is not sufficient to meet the needs of the family, the family will have a (7) seven-day window to withdraw from this agreement. No application for financial assistance will be reviewed by the Academy without a completed enrollment agreement as outlined in paragraph two of this agreement. All financial assistance will begin to be reviewed in March/April and completed during the summer months. All families who apply for financial assistance will receive written documentation of award or denial and have a (7) seven-day response time to accept or deny. Word of God Academy reserves the right to determine the amount of award for each family and all information submitted is considered confidential.
